

SUPER M-AX* FOR SITE PREP TRACTORS

*PATENT PENDING

144 Model - 12'

Increase revenue and productivity clearing land, plantations, pipelines, power lines, right-of-way's, and roadway easements with options available in 12 feet or 16 feet wide.

- Estimated acres per unit. Speed will depend upon density.
Super M-AX 144: 3.87 acres @ 3 MPH
Super M-AX 192: 5.24 acres @ 3 MPH
- Shut-off sensor on the 192 when hydraulic wings are raised 15 degrees.
- The Brush Wolf 192 Super M-AX has two hydraulic retractable wings that lift for transport and provide the flexibility to maneuver through your landscape.
- The flat blades are reversible and are three times the strength of mild steel.
- Cuts trees up to 8" in diameter – dependent upon type of wood and the vegetation density.
- Hydraulic hoses and couplers custom fit for each machine.
- Rear debris chain curtain included.
- Technician provided at your preferred location for set up.

192 Flex Wing Model - 16'*

192 - Two hydraulic retractable wings adjust for transport and your environment*
